ROI Anchoring Formula

1. **Quantify:** "How many hours/week on [manual task]?"
2. **Monetize:** Hours × rate × 4 weeks = monthly cost
3. **Anchor:** "That costs you \$[X]/mo. My system fixes it for \$[Y] one-time."
4. **Payback:** "Pays for itself in [Z] weeks."

5 Discovery Call Questions

1. "Walk me through what happens when a new lead comes in."

2. "How long does it take to respond to a new lead?"
3. "How many leads are you losing from slow follow-up?"
4. "What would instant 24/7 response be worth to you?"
5. "If I could guarantee [outcome], what would that be worth?"

► **Never mention tools on the call.** Don't say "n8n," "webhook," "automation." Say "system," "engine," "AI-powered," "revenue machine."
